

NEBRASKA ACADEMY of GENERAL DENTISTRY

The Nebraska Academy of General Dentistry (NAGD) is pleased to announce that registration for exhibits has opened! We would like to invite you to participate in the success of the NAGD Annual Meeting to be held:

Friday, June 2, 2023
ESU#3 Facility
6949 S. 110th Street, LaVista, NE 68128

The meetings of the NAGD attracts the finest dentists, hygienists, assistants and office staff in Nebraska, dedicated to quality continuing education and cutting edge products and dentistry. Our ability to provide the general dentists of Nebraska and surrounding states with high quality continuing education programs and an enjoyable meeting depends on the interest and support of commercial enterprises such as you. We are inviting you to participate in our Annual Meeting because we believe in your product and services.

This June, we are very excited to have Dr. Alan Yassin as our featured speaker. He will be presenting a lecture course entitled "Soft Tissue Management in Oral & Periodontal Surgeries". We are very excited to have Dr. Yassin with us for not only our speaker on Friday but to provide the CE for our Mastertrack weekend (hands on portion). **Please register to exhibit early as we are limited on the number of exhibits. Exhibit space will be assigned as they are received and based on sponsorship!!**

As one of Nebraska's finest continuing education providers, we are looking for only the finest sponsors. I hope you are able to commit to attending. The NAGD looks forward to seeing you and supporting you. Please contact our NAGD Office at 402.438.2321 if you have any questions.

Sincerely,

Brian Penly, DDS

Nebraska Academy of General Dentistry

Continuing Dental Education Meeting Prospectus

Friday, June 2, 2023

The Nebraska Academy of General Dentistry will hold its Annual Meeting on Friday, June 2, 2023. We are very excited to bring in speaker, Dr. Alan Yassin. The title of his lecture is “Soft Tissue Management in Oral & Periodontal Surgeries”.

The Nebraska Academy of General Dentistry is devoted to advancing excellence in general dentistry through excellent continuing education programs. Sponsor participation in the meeting is limited to those vendors whose products and services complement this extraordinary educational program and NAGD’s dedication to excellence. Approximately 60-100 dentists and staff are expected to attend.

Where: The meeting will be held at the ESU#3 Facility located at 6949 S. 110th Street in LaVista. NE. The exhibits will be located in the atrium area outside of the lecture hall and in the Sarpy/Washington room.

When: Friday, June 2, 2023. The lecture course is 7:45 am to 5:15 pm

Cost: \$335 for one exhibit space. Includes 6 ft. banquet table (skirted and draped), 2 chairs, complimentary coffee, breaks and lunch for up to 2 (two) participants per company and complimentary Wi-Fi. Each additional participant will be \$35/per person. ***Electricity is available but you must request on the registration form.***

Booth Selection: Please review the exhibitor layout provided in this email. **Exhibit spaces will be assigned in the order in which they are received.** Please indicate your booth preferences on the registration form. We have arranged the exhibits to promote the most traffic as possible in the exhibit area.

Exhibitor Set-Up: Exhibitors may set up their displays/booths on Friday morning ONLY, June 2nd, from 8:00 to 9:15 a.m. **All displays/booths need to be in place by 9:15 a.m. on Friday, June 2, 2023.** The exhibits will close after the afternoon break (approximately 4:00 p.m.) We will hold the prize drawings immediately following the last break. Please note: The Nebraska AGD assumes no responsibility for items in the exhibit areas.

Electricity/Internet: Electricity is available but you are required to order a head of time. Please make sure to mark on your registration form. Complimentary Wi-Fi will be available. Please contact Julie if you need anything other than standard electricity.

This year we also have other sponsorship opportunities:

Prize Drawings for all participants

We will supply each participant with a “Bingo” card. In order to be eligible for the drawing, the participants must visit every booth. Their name will go into a drawing that will be held at the end of the lecture. If you would like to donate a prize for this drawing, please mark the box on the registration form.

Goody Bag donation

Once again, we’d like to give each participant a “goody bag” as they check in at registration. We are looking for some type of bag AND we’d like to give you company an opportunity to add an item with your company name on them. Please keep in mind that we could potentially need 75 or more items. Any items not used, will be returned to your company. **Please have these items to Julie Berger no later than May 10th.** If you would like to donate an item, please mark the box on the registration form.

Speaker: Alan Yassin, DDS, MS, MSD

Program Director, Clinical Implantology from A to Z.

Board certified Periodontist and Oral Surgeon

Fellow, International Association of Oral & Maxillofacial Surgeons

Diplomate, German Board of Oral Implantology DGZI

Affiliate Clinical Professor/University of Washington

Dr. Yassin is dual trained dentist in both Periodontics and Oral & Maxillofacial Surgery. He attained his dental degree in 2001 from Aleppo University before receiving 4 years of extensive Oral and Maxillofacial training at Damascus Hospital! His specialty training in periodontology, along with his Master of Science in oral science was attained from the University of Washington in Seattle, WA.

Dr. Yassin is a Fellow of the International Association of Oral & Maxillofacial Surgeons and a Diplomat of the German Board of Oral Implantology DGZI. He has several publications and articles in refereed and in peer-reviewed journals; he also serves as a reviewer in many academic journals.

Dr. Yassin holds a teaching position at the University of Washington as an affiliate clinical professor. He is also the Program Director and founder of the Implantology program of the Washington Academy of General Dentistry since 2018, in addition he actively lectures at national and international conferences and symposiums on the subject of implants and advanced esthetics/periodontal plastic surgery, in addition to rigorous online courses and webinars. He has a private practice limited to periodontics, oral surgery and implant dentistry in Seattle, Washington.

Course Content:

SOFT TISSUE MANAGEMENT IN ORAL & PERIODONTAL SURGERIES

“Incision & Flap Design, Flap Management, Suturing Techniques, Oral Plastic Surgery, Root Coverage Surgeries, Basic & Advanced Soft Tissue Grafting Techniques”

Dealing with soft tissues and flaps design, reflection and closure is the most important key of success for any dental surgery. This course is designed for doctors who desire to learn the basics of oral surgeries and periodontal procedures. Starting with a review of oral anatomy, various flap designs and incisions methods, flap reflection and soft tissue management. Achieving primary and tension free closure is an art that will be learned along with the suturing techniques and armamentarium.

With the unique back ground of Dr. Yassin’s dual training, the participants will have an invaluable opportunity to learn both periodontal and oral surgery fundamentals’ skills. Furthermore, advanced periodontal surgeries techniques will be covered to understand the diagnosis and treatment steps for gingival recession correction surgeries, connective tissue grafts procedures and root coverage surgeries. This course is designed for general dentists whether fresh graduates or with several years of experience, A full day of lecture that covers the basics and the literature available, in addition to a full day of hands-on work to practice on pig jaws.

Course Objectives:

Discuss the principles of different flaps and incisions.

Master the suturing techniques for both periodontal and oral surgeries.

Dentists will gain a better knowledge on indications for soft tissue augmentation around natural teeth and implants.

Participants will be able to evaluate and treatment plan soft tissue grafting.

Learn about the available soft tissue augmentation techniques and armamentarium.

Practicing connective tissue grafts and free gingival grafts techniques on pig jaws.

Learn the basics of the minimally traumatic extraction and socket grafting techniques.

Day 1: Seminar 8am-5pm

Lecture will cover the below topics:

- Basic anatomy and biology of the oral cavity.
- Soft tissue grafting principles.
- Case planning before the soft tissue augmentation surgery.
- Connective tissue graft VS Free gingival graft
- Gingival recession and root exposure classification.
- The Periodontal perspective of the soft tissue phenotype.
- The importance of attached gingiva around implants.
- Planning “soft tissue” before implant placement.
- Second stage surgery around dental implants.
- The use of allograft Acellular Dermal Matrix.
- Complications in soft tissue augmentation
- Principles of extraction and ridge preservation.
- Brief discussion of socket grafting and bone graft materials.
- Surgical videos showing different procedures.

As an exhibitor of the Nebraska Academy of General Dentistry’s Annual Meeting, you also have opportunities to be a sponsor. There are different levels of participation you can choose from. We appreciate your participation and will work with you to have a positive and productive experience. As an exhibitor/sponsor of the NAGD Annual Meeting you will have the opportunity to discuss and demonstrate your product one on one to dentists interested in latest techniques and products to further their careers and build their practices.
